### 1. PSD/INTEGRATE

### Admission Protocol

At ATHENS, we pride ourselves on our exclusive approach known as the Prodigy of Scientific Discipline (PSD), a cornerstone of our admission process. This bespoke One-To-One 'Assessment + Trial' session is meticulously crafted to delve deep into each student's unique profile, combining advanced teaching methodologies with insightful psychological strategies. Our goal with PSD is not just to assess, but to uncover the inherent brilliance within each student, guiding them towards their optimal academic trajectory.

In parallel, we administer the INTEGRATE assessment, a rigorous standardized test meticulously designed to gauge the intellectual prowess and aptitude of prospective students. This comprehensive evaluation encompasses an array of critical cognitive skills, from Scientific Information to Data Interpretation and beyond. The resultant Overall IQ Score derived from INTEGRATE serves as a vital benchmark in our admissions process, reflecting not only a student's capabilities but also their potential for scholarship consideration. **Conduct Guidelines:** *Anytime during a week (A student has to opt for either of two).*
